

SGF – Sand and Gravel Filter

	SGF-24	SGF-30
Specifications		
Tank Capacity (gal.)	63	110
Water Flow Rate (gpm)	67	95
Tank Diameter	24"	30"
Pipe Size (NPT)	2"	2"
Pump HP	1	2
Dimensions (L x W x H)	52" x 30" x 40"	52" x 36" x 40"
Weight (lbs.)	737	885
Full Load Amps (FLA)	1.8	3.4

Construction

Housing	Filter & pump housing of fiberglass polycarbonate
Base Frame	Heavy gauge steel base
Finish	Primed and painted with acrylic enamel
Piping	PVC
Filtration	Basket strainer with removable cover Sand and gravel filtration to 10 microns

Features

- High pressure pump promotes full filter flow
- Internal multi-channel water distribution
- Easy to read pressure gauge
- Manual air release valve
- Back pressure regulator / check valve
- Integrated pressure differential activated back flush
